***Allowable Subject Matter***

4. Claims 1-8 are allowed.
5. The following is an examiner's statement of reasons for allowance: The prior art taken either singularly or in combination fails to anticipate or fairly suggest the limitations of the independent claim, in such a manner that a rejection under 35 U.S.C. 102 or 103 would be proper. The prior art fails to teach a combination of all the claimed features as presented in independent claim 1, with the allowable features being: wherein the side face of said right frustum forms a taper angle larger than 0 degree and less than 15 degree with the central axial line of said right frustum, and an aspect ratio (H/D) which is a proportion of the height (H) of said frustum to the minimum length (D) of the cut surface of said right frustum is larger than 0, and no more than 10 (claim 1). Therefore, claims 1-8 are allowed.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
